

Highlights

- Theft deterrence achieved through the use of a mechanical lock
- Position your tablet within your digital workflow by installing cradle on an Ergotron mount (compatible with many Ergotron Arms such as the LX, Neo-Flex® and MX Mini)
- Adjustable contact points keep ports free, providing access to power buttons, power cords, USB, HDMI, and docking connectors
- Sliding brackets accept most tablet sizes, from iPad mini to iPad Pro, with or without case
- Easily remove tablet from cradle when you need to go (when used without key)
- Holds tablet in portrait or landscape mode
- Robust metal and composite design dampens shock and vibration

ERGOTRON®

Lockable Tablet Mount

Secure your tablets at the point-of-sale, back office or retail kiosk

Convert a monitor mount to securely hold a tablet. The locking interface makes it the perfect solution for info kiosks, interactive restaurant ordering, public signage or healthcare patient entertainment—anywhere theft deterrence is a priority.

Works with most popular tablets, including Apple® iPad®, Microsoft® Surface® and Samsung® Galaxy®.
