

They've got it ALL!

External Hard Drives | Portable Storage for PC

Meets **U.S. military drop-test** standards

The StoreJet portable external hard drives combine a lustrous gloss finish, up to a full terabyte of storage capacity, and are available in both SuperSpeed USB 3.0 and USB 2.0 versions. Although slender and lightweight in design, these drives offer robust durability, with thorough defense against data loss resulting from accidental shock or collision.
