Double your defenses with double the protection.

Twin MicroSaver® secures two devices at once. With two patented T-bar locks, and a 40% stronger cable it protects your equipment and data from theft.

Features & Benefits

- Twin locks secure two devices with a single cable and key. Protect two devices with a one security cable -- flexible design for ease of use
- Patented T-bar lock provides superior lock strength and theft protection
- Aircraft-grade cable with Kevlar brand fiber is 40% stronger than the original and offers superior protection for peace of mind
- Neat and attractive lock requires no messy glue to secure equipment
- Rubber bumper protects equipment surface from scratches or dents
- Longer 7 foot cable provides locking flexibility for two pieces of equipment
- Smaller lock head fits small, travel-friendly equipment without lifting it off the desk or blocking other ports
